Dear Mr. Serdel.

Contact

Steve Garbaciak

Thank you for meeting with Rich Price of ARCADIS BBLES at the subject site and discussing the project with me on the telephone over the past few weeks. Per your request, this letter provides a description of the activities ARCADIS BBLES will be performing in the vicinity of the US 131 Bridge where it crosses the Kalamazoo River at Plainwell

As Rich described to you during your field visit on May 17, 2007 and as depicted in the design documents I sent you on May 21, 2007, activities in the vicinity of the US 131 Bridge will include grading and constructing a temporary haul road under the bridge along the northern bank of the Kalamazoo River. The haul road will then be used to move materials from the river bank to staging areas located on other private properties further upstream, east of US 131. These activities will take place from the receipt of your signed copy of this letter until November 30, 2007. Upon completion of the work, any disturbed areas will be returned to their pre-project conditions.
